GSCN Stem Cell Day – Hamburg

27 February 2023, 14 – 19 h

Talks:

Ole Pless, Annika Wittich, Fraunhofer ITMP ScreeningPort:

„Human pluripotent stem cell based efficacy and safety models for preclinical drug discovery“

Baris Tursun, Universität Hamburg:

„Identifying reprogramming barriers in genetic model organisms and translation to human cells“

Kristoffer Riecken, Lea-Isabell Schwarze, Boris Fehse, UKE, Interdisziplinäre Klinik und Poliklinik für Stammzelltransplantation:

„Permanent genetic modifications for basic research and clinical translation“

Arne Hansen / Kinga Wrona, UKE, Institut für Experimentelle Pharmakologie und Toxikologie:

„Generation of engineered heart tissue from human iPSC-derived cardiomyocytes“

„Human iPSC-derived multi-cell-type engineered heart tissues as an advanced model for pathological cardiac hypertrophy“

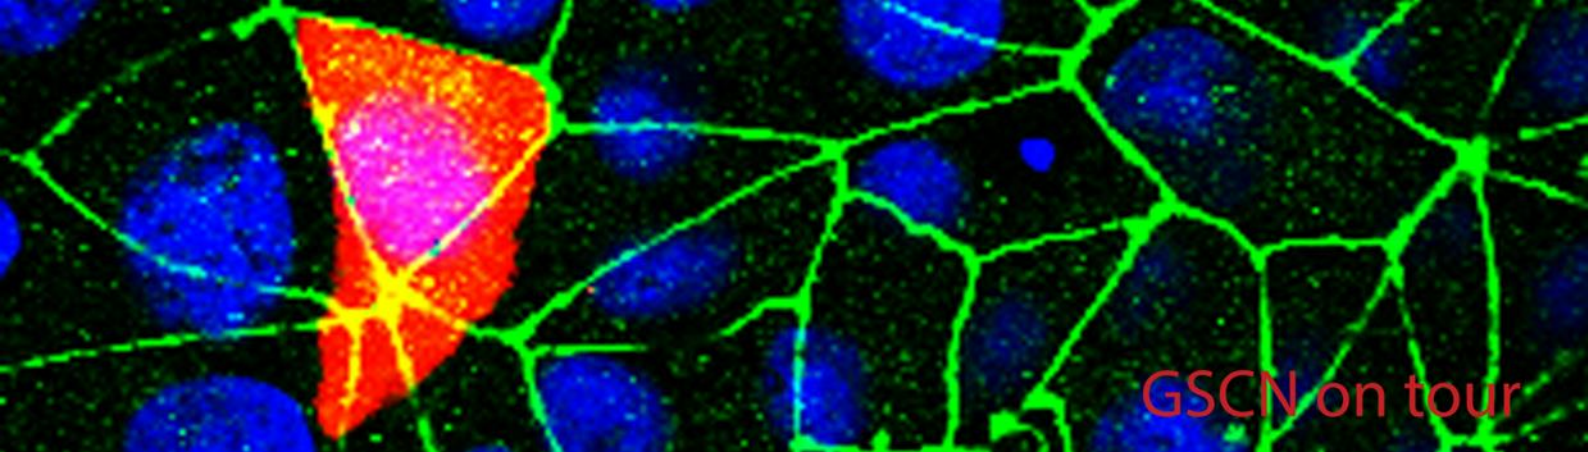

Sandra Lubitz, Evotec SE: „Precision drug discovery with iPSC models as a game changer for future medicines“

Monday, 27 February 2023

Talks 14:00 – 17:30, Social Event 17:30 – 19:00
- drinks and finger food -

UKE, Campus Lehre (N55), Raum 210/211
Martinistr. 52, 20246 Hamburg

Let's talk about stem cell research!

The Hamburg stem cell community is meeting to present and discuss their research – you are welcome to join on-site and invited to a social gathering after the talks with drinks and finger food.

The GSCN Stem Cell Day in Hamburg is a hybrid event. If you can't come in person, please join online: [Zoom-Link](#)

GermanStemCellNetwork

Venue :

Universitätsklinikum Hamburg-Eppendorf
Campus Lehre (N55), Raum 210/211
Martinistraße 52
20246 Hamburg

GSCN on tour

The German Stem Cell Network GSCN aims at creating synergies between all areas of basic and applied stem cell research and to provide an interface between science, education, politics and society.

The GSCN organizes the annual GSCN Conference, workshops, a mentoring program and hybrid meetings, publishes the GSCN Magazine and White Papers and distributes travel awards and science prizes.

Find more information about the GSCN here: www.gscn.org

Benefits from GSCN membership: www.gscn.org/german-stem-cell-network/membership

11th GSCN Conference in Ulm from 13 – 15 Sept. 2023: www.gscn-conferences.org
