GSCN Stem Cell Day – Lübeck

1 March 2023, 14 – 19 h

Talks:

Anja Trillhaase, Institute for Cardiogenetics, University of Luebeck:

“2D and 3D stem cell models for cardiovascular research ”

Franz-Josef Müller, Zentrum für Integrative Psychiatrie ZIP gGmbH, Campus Kiel:

“Modelling chronic inflammatory disorders with hiPSC: The curious case of the Aicardi-Goutieres Syndrome”

Matthias Brandenburger, Fraunhofer IMTE, Lübeck:

“Technological challenges for (stem) cell technology. – A perspective from Fraunhofer IMTE”

Philip Seibler, Stem Cell Platform, Institute of Neurogenetics, University of Luebeck and University Hospital Schleswig-Holstein:

“Stem Cells: Platform and Neuronal Disease Modeling”

David Holthaus, AG Meyer/Laboratory of Infection Oncology, Institute of Clinical Molecular Biology, Christian-Albrecht University of Kiel, University Hospital Schleswig-Holstein, Campus Kiel:

“Organoid models for infection research ”

Wednesday, 1 March 2023

Talks 14:00 – 17:30, Social Event 17:30 – 19:00

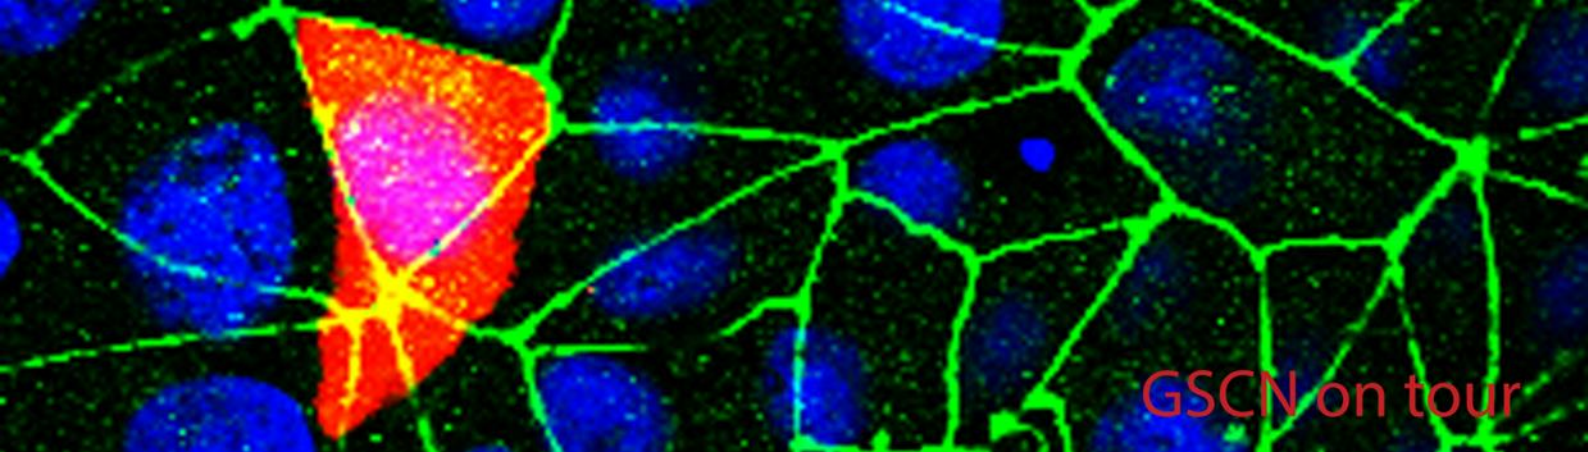

- drinks and finger food –

Center of Brain, Behavior and Metabolism (CBBM),

Universität zu Lübeck, Geb. 66

Seminarraum CBBM S1/S2 (Loewi)

Marie-Curie-Straße, 23562 Lübeck

Let's talk about stem cell research!

The Lübeck and Kiel stem cell communities are meeting to present and discuss their research – you are welcome to join on-site and invited to a social gathering after the talks with drinks and finger food.

The GSCN Stem Cell Day in Lübeck is a hybrid event. If you can't come in person, please join online: [Zoom-Link](#)

UNIVERSITÄT ZU LÜBECK

Venue :

Center of Brain, Behavior and Metabolism
(CBBM),
Universität zu Lübeck, Geb. 66
Seminarraum CBBM S1/S2 (Loewi)
Marie-Curie-Straße, 23562 Lübeck

GermanStemCellNetwork

GSCN on tour

The German Stem Cell Network GSCN aims at creating synergies between all areas of basic and applied stem cell research and to provide an interface between science, education, politics and society.

The GSCN organizes the annual GSCN Conference, workshops, a mentoring program and hybrid meetings, publishes the GSCN Magazine and White Papers and distributes travel awards and science prizes.

Find more information about the GSCN here: www.gscn.org

Benefits from GSCN membership: www.gscn.org/german-stem-cell-network/membership

11th GSCN Conference in Ulm from 13 – 15 Sept. 2023: www.gscn-conferences.org
