11th GSCN Conference

13 – 15 September 2023
Ulm University

www.gscn.org

Dear GSCN members, friends, and colleagues

September 2023

Fall is event, conference, and workshop time: We offer two great workshops in November, hybrid events and a science week in Berlin. Stay tuned and always check our news (and new jobs) on www.gscn.org

1) Workshop on disease modeling & drug development

2) Workshop on ATMPs

3) Hybrid Berlin Stem Cell Club on 5 Oct. 2023

4) GSCN at the Berlin Science Week

5) GSCN Conference #23 in Ulm

1) GSCN Workshop on disease modeling & drug development in Bonn

The GSCN working group „Disease Modeling & Drug Development“ is organizing a workshop on the current and future developments in the field of stem cell-based disease modeling as well as drug development and testing.

Time: 16 & 17 Nov. 2023

Venue: LIFE & BRAIN, Bonn

Fee: 150 – 230 € (incl. hotel, workshop, dinner etc.)

Topics: Current and emerging systems - advantages and challenges:

Strategies for implementation: structural & financial aspects:

High level speakers from academia and industry will offer exciting insights.

Register ➔ [here](#)

2) GSCN Workshop on ATMPs

„The Product is the Process – Is it?“

Manufacturing and Translation of ATMPs and Tissue- & Cell-based products

Time: 30 Nov. 2023 | 09:00 - 17:00 h

Venue: Investitionsbank des Landes Brandenburg (ILB), Potsdam

Fee: 40 - 230 €

Organizers: GSCN, bbb e.V., Paul Ehrlich Institut (PEI), the German ZLG, Health Capital - Cluster Healthcare Industries Berlin Brandenburg & Berlin Partner

Whether in the fields of regenerative medicine, cell or gene therapy – driven by remarkable research success, innovative therapy and product concepts for advanced therapy medicinal products (ATMPs) are increasingly in the focus of interest.

3) Hybrid talks on 5 Oct. 2023 at Berlin Stem Cell Club

The Berlin Stem Cell Club invites to the hybrid lecture on 5 Oct. 2023 from 16:15 – 17:30. The guest speaker **Kevin Chalut, ALTOS, Cambridge, UK**, will speak about “**Cell and nuclear surface mechanics and cell state transitions**”.

The Berlin host **Georg Duda, BIH / Charité, Berlin** will speak about “**Steering cellular self-assembly in regeneration using bone healing as a model system**”.

If you can't come in person, you are invited to join via [Zoom-Link](#). If you can come in person, please do so – there will be a lively discussions and a social get-together until 19h. Find all information [here](#).

4) GSCN at the Berlin Science Week

The [Berlin Science Week](#) is a ten day science festival in Berlin from 1 – 10 Nov. 2023 around the Falling Walls Summit – if you happen to be in town, you might want to visit the booth of the GSCN and the Berlin Institute of health (BIH) on 3 – 4 Nov. 2023 at the Campus of the Science Week. There will be also a speaker's corner about stem cell research and more public outreach activities.

5) GSCN Conference #23 in Ulm

The [11th GSCN Conference](#) took place from 13 - 15 Sept. 2023 in Ulm and was a great success. Almost 400 scientists came together in Ulm and discussed stem cell research from all perspectives possible. Great speakers, fascinating keynotes, encouraging awardees of the science prizes, strong discussions along the poster sessions, a very nice get-together and great party! Please save the date for the GSCN Conference in Jena next year: 25 - 27 Sept. 2024!

If you don't want to receive emails anymore, please send message with "unsubscribe" in the subject line to gscn.office@mdc-berlin.de.
